

Compare the pair

For efficiency, productivity & savings in superannuation

One saves more, one costs more. One gives more income to members, one doesn't. One provides more time to focus on productivity, one doesn't. The complex flow chart is what is proposed by superfunds & the less complex flow chart is what is proposed by COSBOA. Compare the pair.

CURRENT PROCESS WITH DRAFT PROPOSALS FOR STRONGER SUPER CHANGES

ONE process removed and at least FIVE new processes added

COSBOA PROPOSAL

The Picture tells the story, multiple layers of red tape just dissappears
