

Cant we work on a basis of eliminating the Income Tax Assessment Act, keep CGT and fund the needs of the economy via a revamped GST with GST exemptions. Many public servants, accountants and tax lawyers will need to look for alternate employment - but so be it for the simplistic cost effective solution for the well being of Australia Pty Ltd.

***CAN WE ALL AGREE THAT BURNING THE INCOME TAX ASSESSMENT ACT WOULD BE AN EXCITING PROSPECT. SAY GOOD-BYE TO THE CASH ECONOMY AND TAX EVASION FOREVER.***

Please make it so the Australian worker can take their gross weekly wage home, **NET**.
