

## **Bank Closures**

I live in a Retirement Estate in Aberfoyle Park SA & there is not one bank still open in our local area. Where am I supposed to take my excess of coins, was usually to Blackwood but someone told me the other day they went to go into that branch but found it had closed it's doors. How much cash will the Supermarket give me, so far I've only asked for one hundred each fortnight because there are still transactions to be paid in cash, but now for Christmas & gift giving I need much more because after two operations this year I'm not very mobile so cash will be for gifts.

I have been saying for ages now my generation apparently does not exist anymore, I was born in 1940, these days apparently everything is geared for the young.

Thank you for giving me this chance to vent. Lee Daly
