Dear Sir/Madam

I wish to express my grave concerns regarding the Banking System in our country, there have been far too many bank closures in our nation over the past decade, one local to me the Commonwealth Waverly was shut along with it's ATM, which was used by thousands of local residents including many elderly locals who now find it difficult to get to the Bondi Junction Branch.

I have friends all over the country complaining that the same thing is happening in their areas.

It was brought to my attention through Facebook some time back of a campaign by "The Citizens Party of Australia" pushing for a Government Postal Bank as an alternative, I have followed this campaign with great enthusiasm and would love to see this proposal implemented.

I'm one of many who are disgusted we have lost our National Bank/Peoples Bank, that everything has been privatised at the great expense of our country's citizens.

**PLEASE DO SOMETHING PRACTICAL ABOUT THIS PLEASE!**

Regards

Terence Wayne Dwyer
