

Re: Australia Post Banking.....

Thanks for that. Unfortunately, Australia Post is closing Post offices also. Just this week they have closed the convenient Post Office in the main shopping centre near Big W in Beenleigh. They said they weren't doing enough business. Whenever I walked past it, customers were queued out the door. Now, if people want to go to the Post Office, it is a fair walk. Crazy. We have a Post Office at the shopping centre at Eagleby. Fortunately, I can drive but those who don't, get a bus to Beenleigh and now have to walk to a Post Office. I couldn't do it due to health issues. I would be surprised if Australia Post would put in ATM's. If you need to bank at the Post Office, the hours are limited. They say it's 'Progress', but I'm not so sure. If I need to bank at NAB, I now have to drive to the Hyperdome. So I bank on line if I can. Banks are closing everywhere. We have been told we are now getting close to being a Cashless Society. Regards. Deirdre.
