Term	Meaning
Accumulated depreciation	The aggregate depreciation recorded for a particular depreciating asset.
Administered item	Appropriation that consists of funding managed on behalf of the Commonwealth. This funding is not at the discretion of the entity and any unspent appropriation is returned to the Consolidated Revenue Fund (CRF) at the end of the financial year. An administered item is a component of an administered program. It may be a measure but will not constitute a program in its own right.
Appropriation	A law of the Australian Parliament that provides authority for Commonwealth entities to spend money from the CRF for a particular purpose. Entities may not spend money without an appropriation authorising that expenditure and, where necessary, other legislation authorising the specified purpose.
Appropriation Bill (No. 1)	This Bill proposes spending from the CRF for the ordinary annual services of government. Bills proposing appropriations for ordinary annual services cannot be amended by the Senate under Section 53 of the Australian Constitution. Once the Bill is passed by Parliament and given Royal Assent, it becomes Appropriation Act (No. 1).
Appropriation Bill (No. 2)	This Bill proposes spending from the CRF for purposes other than the ordinary annual services of government. Under existing arrangements between the two Houses of Parliament, this Bill includes appropriation funding of administered expenses for new outcomes, for payments to the states and territories, and for departmental or administered capital. Funding for extensions to existing programs can be included in Appropriation Bill (No. 1). Once the Bill is passed by Parliament and given Royal Assent, it becomes Appropriation Act (No. 2).

Term	Meaning
Appropriation Bills (Nos. 3 and 4)	If an amount provided in Appropriation Acts (Nos. 1 or 2) is not enough to meet approved expenditure in a financial year, supplementary appropriation may be sought in Appropriation Bills (Nos. 3 or 4). Once these Bills are passed by Parliament and given royal assent, they become the Appropriation Acts (Nos. 3 and 4). They are also commonly referred to as the Additional Estimates Bills.

Section 81 of the Australian Constitution provides that all revenue raised or monies received by the Executive Government forms one consolidated revenue fund from which appropriations are made for the purposes of the Australian Government.
Departmental Capital Budget (DCB)	Net cash appropriation arrangements involve the cessation of funding for depreciation, amortisation and make good expenses. Funding for these expenses has been replaced with a collection development and acquisition budget (CDAB) for designated collection institutions (DCIs), and departmental capital budgets (DCBs).

As the Budget is released in May each year, but the financial year does not close off until 30 June, the current year numbers that are used for comparison with Budget amounts can only be estimates.

Term	Meaning
Expenditure	Spending money from the Consolidated Revenue Fund or a notional payment to a PGPA entity.
Expense	Decreases in economic benefits in the form of outflows or depletions of assets or incurrence of liabilities that result in decreases in equity, other than those relating to distributions to equity participants.
Expenses not requiring appropriation in the Budget year	Expenses not involving a cash flow impact are not included within the calculation of an appropriation. An example of such an event is goods or services received free of charge that are then expensed; for example, ANAO audit services. The ANAO does not charge for audit services; however, the expense must be recognised. Similarly, bad debts are recognised as an expense but are not recognised for the purpose of calculating appropriation amounts to be sought from Parliament.
Forward estimates period	The three years following the Budget year. For example if 2020-21 is the Budget year, 2021-22 is forward year 1, 2022-23 is forward year 2 and 2023-24 is forward year 3.

‘Movement of Funds’ between years	A ‘movement of funds’ process is carried out twice each year in relation to un-expensed administered operating appropriations. This involves portfolio ministers submitting requests to the Finance Minister advising of timing changes to funding requirements. If agreed by the Finance Minister, there will be an increase in the amount appropriated in later year(s).
Net cash appropriation arrangements	The net cash framework, implemented from the 2010-11 Budget, replaces funding for depreciation and amortisation expenses with a departmental capital budget (DCB) and the funding of make good expenses will cease to be paid in advance. The net cash framework applies to general government sector entities that receive funding from annual appropriations directly or via a special account, with the exception of the Department of Defence.
Non-operating	Sometimes called ‘capital’ costs.
Official Public Account (OPA)	The OPA is the Australian Government’s central bank account held within the Reserve Bank of Australia. The OPA reflects the operations of the Consolidated Revenue Fund.

Special accounts can only be established by a written determination of the Finance Minister (s. 78 of the PGPA Act) or through an Act of Parliament (referred to in s. 80 of the PGPA Act).
